

Our strenghts

Professional support

Our team will handle your requests quick and competent. We find a solution for every problem.

Innovativ solutions

We focus on progress and practicality. Our technologies are designed to be both sustainable and efficient.

High product quality

Every product that leaves our factory impresses with its reliability, durability and outstanding quality.

Family tradition since 1929

Müller stands for innovation and quality

Hugo Müller founded the company „Omega-Müller“ in 1929. Rooted in the industrial town of Schwenningen, Baden-Württemberg.

Today, the third generation of the Müller family is managing the company.

Our products under the brand ■ **müller** and ■ **paladin** are used in building installation, building automation, industrial applications and switchboard construction.

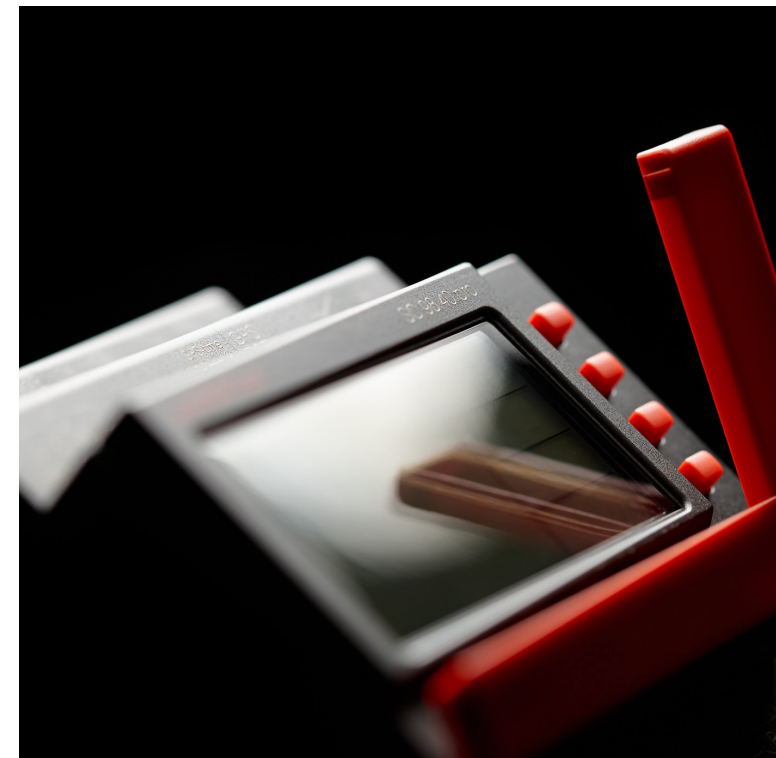

In addition to our standard products, we also develop and manufacture customer-specific products.

switching controlling counting

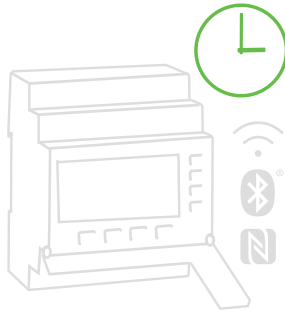

Overview Our portfolio

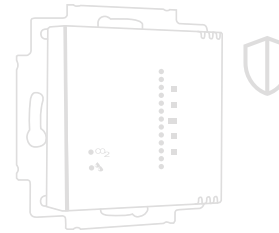

Save time

- Digital time switches
- Masterclocks
- Analogue time switches
- Shutter controls
- Elapsed time counters
- Count down timers / Relays

KNX

- Audio interfaces
- Room temperature controllers
- Humidity controllers
- Air quality controllers
- Push-buttons sensors
- Multi sensors
- Outdoor sensors
- Further TP Products
- KNX-RF S-mode products

Your Partner for OEM

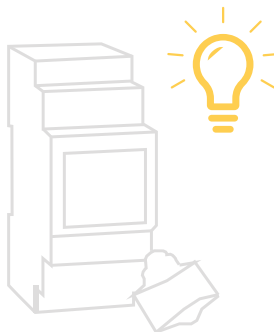

We turn your specific requirements and wishes into ready-to-sell series products. From hardware and software development through prototyping to series production, we support you with our comprehensive expertise and service.

This is how we create innovative solutions for long-term partnerships.

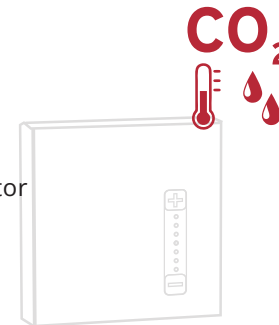

Illuminate

- Staircase lighting timers
- Twilight switches
- Digital astro timers
- Dimmers
- Movement detectors

Feel well

- 0-10V sensors
- Modbus sensors
- KNX sensors / controllers
- Air quality sensors / CO₂ monitor

■ müller

Impressive Products

In addition to intelligent time and light controls, our portfolio also includes room climate controllers, sensors, and devices for building automation.

All ■ müller products are manufactured in our company in Baden-Württemberg - 100% Made in Germany.
